Dr. Susan Love Foundation for Breast Cancer Research Welcomes Brent Hawkins to the Board of Directors

Los Angeles, California — Dr. Susan Love Foundation for Breast Cancer Research is pleased to announce the appointment of a new member to its Board of Directors.

Joining the Foundation's Board of Directors is Brent Hawkins, an Intellectual Property Attorney and Partner at Morgan, Lewis & Bockius with more than 20 years of experience. Mr. Hawkins is a member of the firm's top ranked Intellectual Property practice group. Throughout his career, Mr. Hawkins has served as lead counsel in various patent, trademark, copyright, and complex commercial licensing litigation, providing him with extensive experience across a variety of sectors and industries.

Prior to joining Morgan, Lewis & Bockius, Mr. Hawkins was an Intellectual Property Attorney and Partner at McDermott Will & Emery LLP for over a decade. He graduated from the University of Michigan in 1994 with a Bachelor of Science in Engineering, and continued on to attend the University of Illinois College of Law, graduating in 1997. Mr. Hawkins has numerous other affiliations and awards he has received over the years. To name a few, he is a member of the Morgan Lewis firmwide Diversity & Inclusion Committee, a member of the American Intellectual Property Law Association (AIPLA), served as President of the Intellectual Property Law Association of Chicago (IPLAC) from 2013-2014, and was recognized in the *IAM Patent 1000: The World's Leading Patent Professionals* from 2014–2020.

Brent Hawkins joins an eight-member board that oversees Dr. Susan Love Foundation for Breast Cancer Research's finances and strategic growth including: Dr. Susan Love, Founder & Chief Visionary Officer; Meribeth Brand, *Chair*; Karen Duvall, MD, *Vice Chair*; Nicole Wrubel, *Secretary*; Kate McLean, *Treasurer*; Sonya Rosenfeld; Vanessa Schnaidt; and Brandi M. Smith, MPH.

About Dr. Susan Love Foundation for Breast Cancer Research

Dr. Susan Love Foundation for Breast Cancer Research challenges the status quo to end breast cancer and improve the lives of people impacted by it now through education and advocacy. The Foundation drives collaborative, cutting-edge research with nontraditional partners, brings to light the collateral damage of treatment and seeks ways to diminish it, and interprets science to empower patients. Fast, flexible, and project-based, the Foundation actively engages the public in scientific research to ensure that it produces accurate and meaningful results.
