**Dr. Susan Love Foundation for Breast Cancer Research
Welcomes New Medical Advisor Dr. Lauren Green**

Los Angeles, California — Dr. Susan Love Foundation for Breast Cancer Research is pleased to announce the appointment of a new medical advisor joining the Foundation's team this January.

Joining the Foundation is Dr. Lauren Green, a talented radiologist who brings over a decade of devoted experience with an accomplished dedication to breast cancer research.

Dr. Lauren Green earned her bachelor's degree from Princeton University with a major in Psychology in 2004, and continued on to receive her Medical Doctorate from the University of Illinois College of Medicine in 2009, where she received the Dean's Scholarship Award granting her a full tuition scholarship. Dr. Green then completed a residency in Diagnostic Radiology at the University of Illinois Hospital in Chicago from 2010-2014, followed by the Breast and Body Imaging Fellowship at the Memorial Sloan Kettering Cancer Center in New York from 2014-2015.

In 2015, Dr. Green was recruited to Department of Radiology at the University of Illinois College of Medicine in Chicago, Illinois as Assistant Professor of Clinical Radiology, and she currently serves as their Head of Breast Imaging and Co-Chair of the Center for Breast Care. Dr. Green has received esteemed awards such as the Interventional Radiology Resident of the Year Award from the Department of Radiology at the University of Illinois Hospital in 2011, the Rising Star Award from the University of Illinois at Chicago College of Medicine in 2019, and the Cover Page Award from the Journal of Radiology Case Reports in 2020. She is also a member of numerous committees such as the Society of Breast Imaging, the Radiologic Society of North America, and the American Medical Association.

"We are very excited to welcome Dr. Lauren Green from Chicago to our Medical Advisor team. Her experiences as a breast cancer radiologist will bring welcome expertise to our project to map the anatomy of the breast ducts!" says Susan Love, MD, MBA, Founder & Chief Visionary Officer at Dr. Susan Love Foundation for Breast Cancer Research.

Dr. Lauren Green will be joining Dr. Lina Romero and Dr. Stephanie Graff, FACP, the Foundation's other newly appointed Medical Advisors as the third and final member of the world-class team.

About Dr. Susan Love Foundation for Breast Cancer Research

Dr. Susan Love Foundation for Breast Cancer Research challenges the status quo to end breast cancer and improve the lives of people impacted by it now through education and advocacy. The Foundation drives collaborative, cutting-edge research with nontraditional partners, brings to light the collateral damage of treatment and seeks ways to diminish it, and interprets science to empower patients. Fast, flexible, and project-based, the Foundation actively engages the public in scientific research to ensure that it produces accurate and meaningful results.
